

Gear List.

Your registration fees will cover the essentials of camp: your food, the ground you sleep on, our amazing speakers, and some games and activities. In short, you don't need any extra cash for camp if you don't want.

We do have some special activities that will be made available during Saturday and Sunday afternoon. It'll cost \$20 a day (you could do either or both) to cover access to these activities. Payment can be done online with registration or at the camp admin office.

There is a communal hang-out marquee where you can come and chill. We'll provide the hot water; you just need to sort with your leader to have tea, coffee, milo or whatever else provided.

You must have:

- Bible: If you don't have one, we will give you one. A pen and a notebook if you are into writing stuff down.
- Bedding: It can get a bit chilly at nights so bring something warm enough and comfortable enough. We suggest a sleeping bag, extra blanket and pillow.
- Warm clothes: Jackets, hats and gloves.
- Wet weathers: Raincoats and gummies as a minimum. Please ensure these are named. Gumboots tend to all look the same!
- Ideally, recyclable/biodegradable plates and cutlery. We want to be a bit greenish. There will be a wash point, but it's easier (and minimizes the spread of bugs) to simply throw your plates into the recycling.
- The stuff you need to keep clean (soap), sunburn free (sunscreen) and germ free (sanitizer).
- A tent to sleep in. This is really the job of your youth leader, but make sure you have a spot in one.
- Medications: e.g. inhalers, allergy remedies, regular medications. Please note – we will not be able to administer paracetamol and ibuprofen to campers without parental permission. If you suffer from headaches or migraines, we suggest you bring enough for the weekend.
- A torch: extremely handy in the dark. No candles allowed!!

Optional:

- Swimwear: We have a lake and a pool and being Nelson, you'll be swimming at some stage.
- Old Clothes: There are some activities where older clothes that can get a bit roughed up might be useful.
- Spare Shoes: Same as above.
- Earplugs: Every youth group has a freight train sleeper.
- Spending Money: for the toastie and waffle hut and some other cool stuff. Just a reminder: you don't need extra money to get fed and watered here; that's why it's called extra.
- Sports Gear: We're going to be running three sports competitions over camp (Touch, Volleyball and 3x3 basketball). Bring the gear you'll need if you want to have a crack at these comps.

You don't need:

Expensive stuff: If it's valuable and not essential, then just leave it at home. You will need your phone but it's your responsibility to keep an eye on it.

Cigarettes/Tobacco/Lighters/Matches: We are a smoke free environment at Easter Camp. Cigarettes, Tobacco, Vaping stuff and matches are banned items at camp.

Definitely not allowed:

If you bring any of the following, you will be sent home from camp at your own expense and your own embarrassment.

- Alcohol.
- Any illegal Drugs:
- Drug taking paraphernalia
- Weapons
- Gang colours or insignia.

Note: As the organisers of the camp, we take **NO RESPONSIBILITY** to any items that are broken or stolen during camp. Please take careful responsibility for your own stuff.
